And the response of Col. Gaffney to Dr. Draper

Madison, November 30<sup>th</sup>, 1880

Col. W. W. Gaffney

My Dear Sir:

I wrote you in September about Col. Patrick Moore. Since then Hugh Moore has twice written me. In his first letter, he said that he had an old uncle living in Georgia but did not inform me of his name or residence. I wrote him again begging for his uncle's address but in his second letter, just received, he omits to give it. As my time is limited, I thought I might be able to obtain the name and residence of his uncle sooner through you, than to write him again.

Have the goodness when you next see Mr. Moore or his father to get this information and add below and { } send it to me. You will oblige me by doing so.

Very Truly Yours,

Lyman C. Draper

Dear Sir:

Patrick Moore's address is Cartersville, Georgia. I never received yours in September. Sent to you today a "Sketch of the Battle of Kings Mountain" [and] will be glad to give any information I can. Do not these Moores are the "Whig" Moores you want—will write to a different family in reference to their ancestors.

Hoping to hear from you often, I am my dear sir,

Yours Respectfully,

W. W. Gaffney
